

Handwriting sheet: Precursive Arrow worksheet

Word list: *ign* words

Ign words feature a silent *g* and use *i* to spell the long /i/ sound.

For example, in *sign*, the *g* is not pronounced, but the *i* still makes a long sound. Similarly, in *design*, the *g* is silent, but the *i* remains long.

Click on the *speaker icon* to hear the pronunciation of each word and have a go at saying each one.
