Word list: More words with the suffix *-able*

The suffix *-able* comes from Latin and is used to transform a verb or noun into an adjective. *-able* words usually convey the idea of capability, possibility, or suitability.

When adding *-able* to a base word, it is essential to understand what spelling changes that may occur. If the base word ends in an *e*, it is dropped before adding *-able*, for example *believe* becomes *believable*. If the base word ends in a *vowel* followed by a *consonant*, the *consonant* is usually doubled, for example *regret* becomes *regrettable*.

As always, there are rulebreakers so you use these spelling activities to learn the words in this list.
