

Word list: Final consonant blends - set 2

This list of final consonant blends brings you essential words to boost spelling skills. A final consonant blend consists of two or more consonants at the end of a word, like *nd* in *sand*. You can hear the sound of each consonant when the word is pronounced. This list will help students recognise common word endings, while making learning practical and engaging.

sand

nest

band

lamp

sink

link

tank

hand
