

Spelling list: Naughty Numbers

10 Key number maths words that you may find tricky.

column	To do column subtraction, we line up the decimal points, on top of each other.
decimal	A decimal number is a number with a decimal point in it, like 1.5.
denominator	The bottom of a fraction is called the denominator .
divide	The family wanted to divide the money equally.
integer	The whole numbers including zero and negatives are called integers.
multiple	Twenty four is a multiple of six. Other multiples of six include twelve, eighteen and sixty.
numerator	Top heavy fractions have a numerator bigger than the denominator and can be written as mixed numbers.
positive	Positive numbers are the natural counting numbers and do not include zero.
ratio	We use ratio to compare two or more things with each other, including money, often shared unfairly.
reciprocal	The reciprocal of two is a half, because two times a half is one.
