

Spelling list: Some short common words - set 1

Even though these words are short, they can be tricky to spell. Words like *why* , *when* , *which* , and *what* are some of the most common culprits. The simplicity of these words can make us think they're easy to spell, but frequent mistakes show that even the most basic words can cause confusion. Understanding how to spell and use these words correctly will help you improve your writing. Try a *Listen and Spell Test* to see how many you know!
