

## Spelling list: *i-e* words - set 2

*i-e* is a common way to spell the long /i/ sound in English. The pattern involves adding an e at the end of the word, following a consonant. This helps create the long /i/ sound, as in *entire* , *require* , and *invite* .

For example, in the word *admire* , the *i* is followed by an *e* to make the long /i/ sound. Similarly, *desire* and *combine* follow the same rule.
